**ABOUT RISE + ROAM** - Our goal is to bring artisanal, slow breadmaking to Carmel. Our breads and pizza crusts are founded on a long, cold fermentation process, allowing the natural sourdough to loosen the gluten and transform the organic Italian flour and water into an intensely hydrated and flavorful dough. Our pastries and baked goods are inspired by seasonality and tradition, with a healthy dose of modern creativity. We proudly roast our own coffee, make our own local wines, and source from local farmers, including our own garden. Thank you for sharing our passions. Enjoy.
